SCHOOL REPORT.

In making the annual report of the schools for the past year, we will say that with the exception of a very few cases, they have been up to the standard.

It requires the help of the parents and the respect of the children toward the teachers to make the schools a success.

We are thankful for all favors received during the past year, and hope the parents will try to have their children at school every day and will also endeavor to help the teacher in every possible way.

Respectfully,

PAUL WILLGEROTH,
